- Sensitization Campaign educates students in energy consumption.
- Electricity Controlling Unit is installed in the college. More than 500 units of electricity is controlled by the machine.
- The solar water heater plants installed on the hostels have helped in reducing consumption of electricity.
## Use of renewable energy

- Solar water heaters are installed in hostels for supplying hot water to students.
- By the use of solar water heaters in the hostels an estimated 11.75 tons of CO₂ emission per year is prevented.

## Water Harvesting

- Rain water harvesting for recharging of the ground water and the open wells on the campus.
- Shrink action taps are fixed in the campus to avoid wastage of water.
- The NSS and Extension activity center of the college educate the students and the community on rain water harvesting methods and significance of its adoption.

## Rain water harvesting

- The two open wells on the campus are energized through rain water harvesting, the source of water is high enough to supply water not only to college campus but also to KLES, J.N. Medical College and Dr. Prabhakar Kore Hospital and MRC.

## Efforts for Carbon neutrality

- Vehicle free and noise free campus.
- College building built on European style is surrounded by old lush green trees and new plants are planted. This has increased the absorption of carbon di-oxide emitted in the atmosphere, reduced the temperature level and sound pollution in all the seasons.
- Installation of solar water heaters in all the hostels.

## Plantation

- It is time honoured practice with the NSS unit to distribute saplings to the students, staff members and the chief guests during various functions.
- Green Earth Day, Environment Day and Ozone Day are observed by the NSS unit and extension activity centre.
- There are 368 varieties of trees and plant species in the campus.
- The College has taken adequate measures to protect the trees and the plants on the campus for maintaining eco-friendly environment.
Hazardous Waste Management

- Control of parthenium and other weeds is regular activity of NSS unit.
- Electronic goods are put into optimal use, minor repairs are done by the technical staff and the major repairs are done by professional technicians and reused. Finally they are disposed off through buy back Scheme of suppliers.
- Burnt UPS batteries are exchanged with new batteries from suppliers.
- Computer and other ICT equipment that cannot be used are disposed off to licensed e-waste handlers.
- Hazardous Water Management is also done by our students and they have undertaken research project and assignment as part of a compulsory paper of Environmental Studies.
- In Ladies Rest Room and Ladies Hostels of our College Sanitary Waste Management machine is installed to dispose used sanitary napkins.
- Vermi compost prepared with the organic waste, plant and garden waste is utilized for the college garden and nursery unit.
- Used papers of Examination tests are sent to Dandeli West Coast Paper Mill and recycled papers are sent to newspaper agencies.

E-waste management

- Eco club of our college conducts programmes regularly on Waste Management and Disaster Management to create awareness.
- Awareness on effects of use of plastic bags is created through programmes organized by NSS unit of the college. The students are encouraged to use paper bags.

Other initiatives:

- Cleanliness Drive Campaign – Swatcch Bharat Abhiyana is implemented in its true spirit.
- Campus is smoke / pollution free.

I) CBL (CBALC Business League) – Performance is Reality

1. Title of the Practice: CBL (CBALC Business League) – Performance is Reality - A 360 degree approach to student development

CBL was conceptualized in 2010 as an activity driven 360 degree approach to student development. The concept was inspired by the Professional league model in sports all over the world and our own IPL (Indian Premier League). The various other Indian sports leagues that have come up since then are clear indicator of the utility of it in talent identification, opportunities galore, intense competition and above all market determination of the real time worth of an individual.

CBL started with 9 teams in the inaugural season and was conducted for the duration of one semester. CBL is conducted for the duration of the entire academic year from CBL season II onwards. Three new teams were added in the CBL season II and one more new team was added in the CBL season V for the year 2015-16 making it 13 teams.

CBL is organized by the students under the guidance and supervision of all the faculty of the BBA department. The performance of the students is judged by the experts from the industry and Education field.

2. Objectives of the Practice

➢ To develop various quotients such as intelligence, emotional, spiritual, civic, glamour, etc. in the students.
➢ To enhance the confidence level of the students to make them present themselves before the public without hitch.
➢ To develop team spirit, leadership qualities, public speaking art.
➢ To educate in manmade and natural disaster, stress and crisis management.

3. The Context: Need

➢ To offer an activity driven learning to the students aimed at 3 Es – “Exposure, Experience and Education”.
➢ The initiative provides the participating students “exposure” to different types of management activities and the students’ crew exposure to event management.
➢ The students “experience” Team work, Stress, Crisis, Success & Failures for the entire duration of the CBL.
➢ The students get “educated” about application based learning, Stress Management, Crisis Management, Leadership, Time Management and Event Management.

4. The Practice

➢ Each team is owned by final year students. They then pick players from second and first year through an auction. All the events in CBL are organized by the student crew under the guidance and supervision of all the faculty of the BBA department.
➢ The performance of the students is judged by the experts from the industry and Education field.
5. **Evidence of Success**
   - The development in communication and Interpersonal skills leading to improved self-confidence of the students.
   - Students winning 06 General Championships since the start of CBL and 47 individual prizes in various State and National level Management events.

6. **Problems Encountered and Resources Required**

   **Challenges Faced:**
   - Finding judges from Industry and Education field on a regular basis especially when the events are conducted on week days.
   - To design innovative & non repetitive rounds every time.

   **Resources Required:**
   - **Finance**: Logistics for outdoor events and material required for various events.
   - **Infrastructure**: Vehicles for transport.
   - **Manpower**: Judges, faculty & the student groups.
II) Succor to save the sufferer:

1. Title of the Practice: Succor to Save the sufferer

   Blood is a magic potion that gives to life to others. No scientist at any well equipped laboratory nor a capitalist at any factory can prepare or manufacture blood. Human blood has no substitute.

2. Objectives of the Practice

   - Students are encouraged to donate safe blood voluntarily.
   - To save lives by making the timely availability of the group of blood required for the deceased, victims of manmade and natural disasters.
   - To enable the students to follow the dictum to help others to help oneself.
   - To prepare them to show genuine and timely concern for community health.
   - To make them imbibe the principle of live and let live.
   - To propagate the message of blood donation to remove the myths and misconceptions about blood donation.

3. The Context: Need to design and implement the Practice

   - Every 3 seconds someone needs blood transfusion.
   - One out of 10 patients admitted to hospital in need of blood transfusions.
   - Blood donations keep the donor active because of generation of new blood cells.
   - Increasing no of accidents and new diseases that call for blood transfusion.
   - To inculcate sense of social responsibility among the students.

4. The Practice

   - Blood group of the volunteers is identified.
   - On the occasions of World Blood Donation Day, Heart Foundation day, World Heart Day, Lingaraj Jayanthi and on demand from Dr. Prabhakar Kore Hospital and Sankalpa Foundation Bangalore required group of blood is donated.
   - During the last years 229 units of blood is donated to Dr. Prabhakar Kore Hospital, Sankalpa foundation and for others by the voluntaries of NSS and NCC units of the institutes.

5. Evidence of Success

   - Donated Blood of the student volunteers of the college has saved the lives of Shreemati Laxmibhai Jadhav, Suresh Ambadgatti, Amith Khane, Prabhavathi Karemani, Smt. Balebudargi, Smt. V P Budigoppa, Shri. V L Patil, Smt. Ashwini Chobari, Smt. Laxmibhai Jadhav and also many victims of accidents who were admitted to Dr. Prabhakar Kore Hospital.
   - College NSS Unit has made an MOU with Sankalpa Foundation of Bangalore which is vigorously engaged in charity activities. Our student Blood Donors have earned appreciation and complimentary remarks from the beneficiaries and also from Dr. Prabhakar Kore Hospital authorities. Students have the sense of satisfaction of serving for the better cause. Students and NSS Programme officer, and NCC Coy Commander are in receipt of letters of gratitude to this effect. In recognition of the initiative taken and the laudable
effort made by Prof. S.N. Mulimani, NSS programme Officer the Government of Karnataka has honoured him with State Best NSS Programme Officer Award and NSS unit of the institute is recognized and awarded as the Best NSS Unit award.

6. Problems Encountered and Resources Required

Problems encountered

➢ Challenges in creating awareness about blood donation.
➢ Finding persons with rare blood group.
➢ Myths about blood donation.
➢ Diagnosing the disease in the donor and his addiction to drugs at the time of blood check.
➢ Risks involved in blood donations

Resources required

➢ Adequate nutritious food
➢ Transportation facility
