Procedures and policies for maintaining and utilizing physical, academic and support facilities.

The institution obtains the necessary requirements of classrooms, laboratories and other infrastructural resources from each HOD well before the beginning of the academic year. After validation of the requirements in IQAC the available resources are allocated to each department. Floors have been added to the existing blocks to enhance the facilities. Renovation of older blocks and modernization of classrooms have been done to meet the ever-changing academic requirements.

The institution has a permanent Engineer to take care of all the construction work, be it ads on constructions or maintaining the existing ones. The buildings are maintained for their up-keep and repairs on a regular basis. The house keeping team regularly maintains the buildings, corridors and other places clean and tidy. The wash rooms are maintained by a team on a regular basis to maintain their usability.

The departments managed by their heads are responsible for maintaining the laboratory equipment for their operational conditions before the beginning of the academic year.
